## *Message from the Minister*

As minister of Alberta Recreation and Parks, I would like to personally congratulate each of you on your performance at the 1987 Western Canada Summer Games in Regina, Saskatchewan.

The Western Canada Summer Games provide western Canadian athletes with the opportunity to compete in Olympic events under Olympic rules and regulations. For some of you - this experience could be repeated at future Olympic Games. For others it was an opportunity to meet your own personal objectives. But no matter what the outcome - you were all winners. It took years of

training, dedication and determination in each of your sports to achieve a position on Team Alberta and I am proud of your accomplishment.

To commemorate these games, this final report will highlight sporting events and standings of each province. I hope it will bring fond memories of your participation in the 1987 Western Canada Summer Games.

## Message from the Chef-de-Mission

This final report of Alberta's participation in the 1987 Western Canada Summer Games is designed to serve two primary purposes: to serve as an historical documentation of Alberta's involvement in the event, and to serve as a memento for those who participated as a member of Team Alberta.

Being a participant in the Western Canada Summer Games is a significant achievement and all Alberta team members (athletes, coaches, managers, and mission staff) should be proud to have been a part of this sporting event.

As Chef-de-Mission for Team Alberta, I wish to extend special thanks and appreciation to everyone who helped make the event an enriching experience for the Alberta team members. The members of the Alberta team were a superb group of individuals that were great ambassadors for the Province of Alberta.

I hope that each of you may continue your involvement in amateur sport and that this report will bring fond memories of your participation in the 1987 Western Canada Summer Games.
